Multimedia Arts Certificates of Proficiency

The Multimedia Arts Certificates of Proficiency are available in many specializations. For maximum student flexibility, each area of specialization is sequenced as foundation, basic, intermediate, and advanced coursework. Students who wish to earn a certificate must participate in the Student Success Program (Matriculation), which includes assessing academic skills and developing a Student Education Plan (SEP) with a counselor. This plan will map a sequence of courses to help students complete their certificate regardless of the semester they begin classes.

Program Learning Outcomes

Students who complete the program will be able to:

- Demonstrate foundational, basic, intermediate, or advanced knowledge of the use of digital multimedia equipment and/or software programs for creating and editing multimedia works—animation, digital imaging, digital photography, digital printmaking, 3D illustration, video production and editing, motion graphics, cinematography, documentary production, music video production, web design, or writing for multimedia.
- Using both traditional and digital art techniques to generate creative solutions to problems expand and transform imagery and ideas into meaningful multimedia works, as appropriate to the certificate.
- Evaluate artwork with discernment, appropriate terminology, and aesthetic awareness; create projects intended for a professional portfolio.
- Demonstrate an appropriate knowledge of copyright laws and issues as those pertain to the production of multimedia works.
